Athletics play an important role in the life of the school, enriching students' experiences and enhancing the school community.

Triangle Day School Athletic Philosophy

The goals of the interscholastic athletic program at Triangle Day School are as follows:

1. Students will build sport specific skills and general athletic fitness through hard work at daily practices, learning from knowledgeable and caring coaches.
2. Students will learn the importance of teamwork and experience camaraderie associated with being part of a team.
3. Students will learn and practice sportsmanship as they represent Triangle Day School in competition against other schools.

Triangle Day School Athletic Code of Conduct

Student athletes, coaches, and parents are expected to behave in a sportsman like manner at all athletic events, including practices. Athletic participation at Triangle Day School assumes the following principles:

Athletes will:

1. Play within the rules of the game.
2. Win and lose gracefully.
3. Keep the competition in perspective ("It's just a game.").
4. Respect officials and accept their decisions.
5. Represent Triangle Day School positively.

Coaches will:

1. Inspire a love for sports, teamwork, and competition.
2. Model sportsman like behavior.
3. Respect officials and accept their decisions.
4. Assume responsibility for the safety and behavior of all athletes.

Parents will:

1. Support athletes by encouraging their attendance at all practices and games and by helping athletes balance sports with academics and other extracurricular activities.
2. Model appropriate sportsman like behavior during games.
3. Accept coaches' and officials' decisions.

Eligibility and Team Selection

Interscholastic athletic teams at TDS include sixth through eighth graders and in some cases, fifth graders.

Triangle Day School is a small school that values participation. Therefore, we strive to avoid making cuts from our teams. In some cases, cuts may be necessary to ensure safe and effective practices.

Rosters cannot be added to after the midpoint in a season. Students can be removed from a team at any point during a season.

To be eligible to try out for a sport, students must have a current medical form on file at the school. This form is available in TADS or on the TDS website within the Parent Publications section.

Students must maintain at least a C- average (70%) in the subject areas of Language Arts, Math, Social Studies, Science, Foreign Language, and PE in order to participate on a TDS sports team. This information is available in the Parent-Student Handbook as well.

Team managers are selected from interested volunteers. Managers must be in grades five through eight. They are expected to follow all rules pertaining to the athletic program (as stated in this handbook).

Attendance Policy

A student must arrive at school no later than 9:00am in order to be eligible to play in a game that day. Exceptions must be cleared by the Athletic Director or Head of School.

Play Time Policy

Based on the needs of the team and the health of the players, coaches make decisions about who to play and for what duration of time. The School does not require that coaches play all players during a game.

Weather Policy

Play, in both practices and games, stops when thunder is heard or lightning is sighted and does not resume until 30 minutes after the last thunder or lightning.

When school is cancelled due to weather, all practices and games are also cancelled.

Communication

Coaches will meet with the athletic director once per month to discuss concerns and needs as well as scheduling for games and transportation.

Each sports season will open with a parent information meeting during which coaches and the athletic director will share information related to tryouts and cuts, practices, games, and transportation. **Coaches will provide schedules for practices and games at this meeting.** Parents are encouraged to attend these meetings.

After the first week of practice, coaches submit to the Athletic Director a complete team roster. The Athletic Director will share rosters with the administration.

When a *game* must be cancelled or postponed, the Athletic Director will notify coaches and administration before 2:00pm. Parents will be notified about the game cancellation. If a game is cancelled, practice will take place instead.

If a *practice* must be cancelled, coaches should notify the Athletic Director no later than 12:30pm on the day of the cancelled practice. Parents will be notified if a practice must be cancelled.

Coaches are responsible for their players after school whether or not practice is held or a game is played. This means that coaches will remain at the School as long as players are still there or until the end of the regular practice time. Players remaining at the School beyond the regular practice time will report to the After School Program.

Concerns and reports of incidents or behaviors at athletic events must be communicated directly to the Athletic Director. Examples of concerns include: player, team, coach, or parent conduct, need for rules clarification, and coaches' decisions regarding playing time. Parents and coaches should not contact athletic directors or coaches at other schools.
