

AFTER SCHOOL ENRICHMENT

Counselor-in-Training Program

The After School Enrichment Program at Triangle Day School is proud to offer a Counselor-in-Training (CIT) program. CIT students are 5th through 8th graders interested in taking on more responsibility and learning valuable skills. On their assigned days, CIT students come to After School for snack/homework time and then help supervise younger students during organized activities and play time until 6:00pm. We count on CIT students to promote a fun and safe atmosphere in After School.

CIT students receive a discounted rate of \$15 per day. Please contact Maria Morrison, the After School Program Director, at maria.morrison@triangledayschool with any questions.
